Gov. Lawrence Will Be Memorial Day Speaker In National Cemetery

Gov. David L. Lawrence will be the speaker here May 30, it was announced Friday evening at the meeting of the Memorial Day committee at the GAR Home, E. Middle St.

A letter from Governor Lawrence stating "I will be happy to deliver the traditional address at Gettysburg May 30" was read to the group by Chester S. Shriver, who was re-elected chairman of the Memorial Day committee for his ninth term.

Governor Lawrence will be the 13th governor to speak here on Memorial Days since 1868, according to a listing of speakers prepared by Chairman Shriver.

It has been a tradition for the last 34 years for the governor of Pennsylvania to speak here at a Memorial Day service during his term.

POSITIONS FILLED

In the general reorganization of the Memorial Day committee Friday night, Shriver was named chairman; Richard Fox, chairman of the American Legion Memorial Day Committee and Wayne Asper, chairman of the VFW Memorial Day Committee, and Wayne Asper, chairman of the VFW Memorial Day committee, vice chairman; William G. Weaver was re-elected secretary; Arthur Warman was re-elected treasurer.

LeRoy H. Winebrenner was re-elected marshal for the parade. He has served as a marshal for the Memorial Day service yearly since 1924, first as assistant to the late Dr. Henry Stewart and then, after Dr. Stewart's retirement from active participation in the parades, as chief marshal.

Twelve state policemen on horseback will participate in the parade, it was reported, and the Blue and Gray Band of Gettysburg, traditionally a part of the procession, is scheduled to return this May after an absence of two years.

COL. WEAVER TO PRESIDE

A letter from an officer of the 324th Band of Aberdeen, Md., indicated it will be here "if possible."

Gettysburg's Howitzer Battery of the National Guard will be invited to fire the cannon salute for the governor during the parade to the cemetery, it was noted.

It was decided to invite all of the National Guard units of the 313th Infantry, known as "The Governor's Troop," and also to invite all nearby units of the Army Reserve to participate in the parade.

Col. William G. Weaver was named to again serve as master of ceremonies for the ritual service in the cemetery. The VFW will have charge of firing the volley during the period when the school children strew flowers.

David Tawney was named chairman of the public address system committee; James Rose, chairman of the program distribution committee; David Oyler, chairman of the transportation committee.

2 Youths Complete "Boot" Training

James M. Cole, son of Mr. and Mrs. Richard M. Cole, of 51 E. Stevens St., and Carl R. Knox Jr., son of Mr. and Mrs. Carl R. Knox Sr., of 318 E. Middle St., were recently graduated from recruit training at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Little Oklahoma Town Is Badly Battered By Twister

OKLAHOMA CITY, Okla. (AP)—Winter tornadoes slashed paths of destruction through central Oklahoma Friday night, heavily damaging one town and battering four others.

MISSION OF CHRISTIANS ULCW TOPIC

Using the title of the convention hymn of the ninth triennial convention of the United Lutheran Church Women of the Central Pennsylvania Synod, to be held in Gettysburg April 27-29, "Forth in Thy Name, O Lord, I Go" as his theme, the Rev. "When Jesus said, 'Go ye into all the world,' He was including the first, second and third wards of Gettysburg as well as the countries on the other side of the world," the Rev. Mr. Reinberger declared.

"What happens inside the church building is not so important. We go there to worship, to hear God's word, to be taught and to teach. There are given to us wisdom, knowledge and understanding of the task to which God has sent us. There we enjoy fellowship. These are all good, but what happens beyond the church building is what is really important.

"OUR MANIFEST MISSION" "Our manifest mission is preaching, Christian love shown by the outstretched hand and open heart and witnessing in our daily life. True witnessing in your Christian life is doing the very best you can within your personal abilities, whether you are

20-Year-Old Father Of 3 Children Is Sentenced To Jail For 3 To Six Months

PRAYER DAY SERVICES ARE HELD FRIDAY

"Many of us put up with a mediocrity of the soul that we would not stand for in any other phase of life," the Rev. Dr. Lawrence Folkemer, new member of the faculty of the Gettysburg Lutheran Theological Seminary, said in a meditation at the annual World Day of Prayer service Friday afternoon in the St. James Lutheran Church here.

The service for adults in the afternoon at 2:30 o'clock and the program which followed for children after school were well attended. More than 150 attended the adult service at which the 75th anniversary of the World Day of Prayer was marked and attendance at the children's program pushed total attendance above 200.

The special offering to be used for children's books on the life of Jesus, for Christian literature for adults and for scholarships for needy students abroad totaled \$100, according to Mrs. Earl Shears, president of the United Church Women of Gettysburg, who sponsored the service.

"Our generation is essentially not a praying generation," Dr. Folkemer said. "We seem to think we can get what we need by pressing a button without prayer. We believe in God but we organize our lives as though He did not exist for us."

"Most of us know ultimately that we will need God but we don't feel any immediate need, excepting in emergencies when we seek help from the divine source. Few of us grow spiritually and many of us atrophy. Each of us needs to examine his own life and find out how real prayer is. Prayer always was essential

"Lost" Polka Dot Balloon Is Sighted Soaring In Sky

Radio signals were heard as it soared that morning over Johannesburg, South Africa, and Woomera, Australia. Then there was silence.

The court was told that the roofs were not in need of repair at the time Marks allegedly worked on the properties.

FACES LONG SENTENCE

Marks' attorney told the court his client would pay \$300 to Mrs. White and would also pay the costs. MENTALLY ILL MAN ROUTED BY TEAR GAS BOMB

LEICESTER, Mass. (AP) — A mental patient held off state and local police with blasts from a shotgun for three hours Friday night before he surrendered under a barrage of tear gas.

The siege began when Paul R. Duncan, 20, ripped the clothes off his younger sister and drove her and two brothers from the house.

The sister, Miss Geraldine Duncan, 18, dressed only in a bathrobe, ran to the home of a neighbor and telephoned her father, Elmer, at work in a Spencer factory.

When the elder Duncan approached the house, his son fired a shot at him from an upstairs window. The shot missed. A neighbor called police.

Another wild shot greeted Police Capt. Earl H. Mineau. He called for police reinforcements.

Mineau said Duncan fired several shots at police. All missed.

Police, meanwhile, asked all nearby residents to extinguish their house lights. Other police went along the street, shooting out street lights.

These precautions were taken to darken the area so Duncan, who was home on pass from the Worcester State Mental Hospital, would not find police an easy target.

Eventually, police threw tear gas into the house and Duncan gave himself up.

Local Parent-Teacher units were brought up to date on pending legislation and the attitude of the state Parent-Teacher Congress on the various major bills at a meeting Thursday evening at the York Springs Elementary School by Gilmore B. Seavers, chairman of the state legislation committee of the Pennsylvania Congress of Parents and Teachers.

The state PTA, Mr. Seavers said, also is opposing Senate Bill 167 which provides for a speedup on referendum on horse racing.

The speaker also outlined state organization policies on child welfare, health and safety, library service, recreation, education, state spending and taxes, a national legislation program and co-operation with other organizations.

On the matter of improving library service, the PTA groups are asked to do what they can to back House Bill 132.

3 Girls Killed When Auto Runs Off Bridge Burned By 4 Boys; Escape Indictment

FORT WORTH, Tex. (AP) — The Tarrant County grand jury refused to indict four schoolboys for burning a bridge—a factor in an accident that killed three teenage girls and injured three others.

The jury, foreman Marshall Kennedy told newsmen Friday, "felt that no good would come of blighting the entire future of a group of bright, conscientious and religious young men."

"What was done was done on the spur of the moment, a childish prank if you will. The boys did not fully realize the consequences of their act."

Conviction of bridge burning carries a maximum sentence of seven years in prison and a fine of \$5,000.

The six girls were returning to their homes in nearby Arlington from a movie the night of Feb. 4 when their car plunged to the bottom of a deep ravine.

The boys had burned the bridge three weeks before and persons unknown had removed the barricades that had been erected.

Kennedy asked that a reward be posted for the arrest of persons responsible for removing the barricades.

"This was the act that we feel was directly responsible for the deaths," he said.

ADMITTED BURNING

The youths are Clinton Veres, Tracy Stanley and Richard Truett, all 18, and Max Moore, 17. Stanley had dated one of the girls killed, Kathy Fleming, 16.

The other two killed were Mary Lou Gidner, 16, and Claudia Jean Reeves, 17.

Byron Matthews, one of the lawyers who represented Stanley, said as soon as the youths learned of the deaths they conferred with a minister and admitted the burning. The minister notified police.

Generous Yanks Shower Cash, Clothes, Food For Destitute Family Of Ten In West Va.

Editor's note: Last month Nate Polowetzky, assistant business news editor of The Associated Press, visited Logan, W. Va., in a survey of depressed areas. Among those he talked with were Mr. and Mrs. Lennie Elliott. He wrote about them. Here is how his story has affected them.

LOGAN, W. Va. (AP) — Lennie and Louise Elliott and their eight children live in a four-room house heated by coal-burning open fireplaces. The toilet is outside. A piece of wood nailed to the inside of a front door serves as a latch. Over the mantle hangs a print of "The Last Supper." On another wall is a picture of Christ.

The rent is \$25 a month. Elliott is 50 years old. He used to be a coal mine trackman, but that work disappeared with many other mine jobs when hard times struck the industry several years ago.

CUT CHRISTMAS TREES
He has been all over the state looking for work. And he worked in places for \$1 a day.

Last December he hiked into the overhanging mountains and cut evergreens to sell as Christmas trees for 25 cents each. This gave Mrs. Elliott some change to buy Christmas presents for their children.

That was the family Nate Polowetzky, AP assistant business news editor, found on a cold, rainy Sunday afternoon last month. He mentioned them in a general story on the depressed area of southern West Virginia.

Since then, the Elliotts have received more than a hundred letters, from as far away as California, North Dakota and Connecticut.

CASH, CLOTHES, FOOD
Cash, checks and money orders amount to \$137. And 25 boxes of shoes and clothing. And food of all sorts.

"I've never heard of anything like this before," said Mrs. Elliott. Elliott was completely bewildered.

"I've never asked anyone for nuthin' in my life. I never could borrow or burn. I can't hardly believe this is happening."

In an occasional letter, the writer will share some of his problems.

LOOKING FOR JOB
"I may have to go to the hospital," one wrote. "I am so alone in this big cruel world. Please say a prayer for me."

Mrs. Elliott is answering each one. So far she has written 80 of them.

Several have advised Elliott that they are looking for jobs for him. He's ready to take on any that might be available.

"Wherever I can make it, that's where I want to be," he said.

PROTEST SUBS IN RIVER CLYDE

GLASGOW, Scotland (AP)—The clans gathered today for a show of Scottish protest against the basing of American Polaris-armed submarines in their storied River Clyde.

They came from Edinburgh and Aberdeen, from Falkirk and Stirling. There were Highlanders from the north and Lowlanders from Ayrshire and men from Lanark, Kilmarnock and Aberdeen.

Organizers said they expected between 7,000 and 10,000 people to turn up for the mass march across the city and the demonstration against the stationing of American nuclear subs in the Holy Loch, in the Clyde.

FAMOUS RALLIES
Setting out from Glasgow's West End—a high class residential district—the marchers were to mass in a park on the shores of the Clyde which has been the scene of some of Scotland's most historic political rallies.

Moving spirits behind the demonstration were left-wing legislators, trade union leaders, pacifists and church representatives.

The rally, organized by the Scottish Council for Nuclear Disarmament, originally was planned to coincide with the arrival of the Polaris depot ship Proteus. But the Proteus' arrival date has now been put back to late February or early March.

Carlisle To Erect New School Building

The Carlisle Area Joint School System Board on Thursday selected William Lynch Murray Associates, Harrisburg, as the architect for the new school building for grades nine and 10.

The proposed building, to cost an estimated \$1,750,000, will be erected on school property east of the Carlisle Senior High School and will relieve the overcrowded situation at the Carlisle Junior High School.

Representatives of five architectural firms were interviewed by the board in a four-hour session at the Lamberton building.

ISOLATED UNIT GETS U.S. ARMS

WASHINGTON (AP)—The United States has expressed serious concern over reports that modern U.S. arms have found their way to isolated Chinese Nationalist soldiers still operating in the northern hills of Burma.

An inquiry was ordered Friday, and the U.S. government again offered to evacuate these Chinese, who are the remnants of Chiang Kai-shek's army that was driven out of mainland China into Burma in 1949.

The Chinese troops have been a source of repeated friction in Burma, and in 1953 Burma asked the United Nations to do something about them.

The United States at that time helped evacuate about 7,000 of these soldiers. Chiang repudiated those who remained in Burma. It is not known how many are left there.

State Department press officer Joseph W. Reap told of the inquiry Friday when asked about reports from Rangoon saying the Burmese had shot down an American-built plane and had captured modern U.S. arms and the remaining Chinese.

Zoning Discussed By Advisory Group

The Carroll's Tract Advisory Council met recently at the home of Mr. and Mrs. Lloyd Benner, Fairfield R. 1. Charles Lott, discussion leader, presented information on township planning and zoning and conducted a discussion on the subject. He explained that zoning is done to specify the uses of land in all parts of a township to safeguard land values in general. Zoning can prevent undesirable industries and use of land which would lower the value of adjacent land.

The local council is a part of the Adams County Farmers' Association and is a part of the policy development program of the organization.

The next meeting will be held at the home of Mr. and Mrs. Charles Lott March 15 at 8:30 p.m. The March meeting will begin a series of discussions on Pennsylvania growth, the first one being "Why Do We Have To Grow?"

Art Exhibition To Be Held In April

An exhibition of regional art will be held in April under the auspices of the Washington County Museum of Fine Arts, Hagerstown.

The aim of the annual exhibition of Cumberland Valley artists is to encourage regional art expression and to give public recognition to the artists of the Cumberland Valley.

The exhibition is open to all artists, residents or former residents in the general territory bounded on the north by Harrisburg, on the east by Frederick, on the south by Winchester, Va., and on the west by Cumberland, Md. Original work in oil, tempera, gouache, watercolor, sculpture, or graphic mediums may be entered. No artist may submit more than two works and all works must be the product of the last two years. The hanging of entries is at the discretion of the jury.

Entries are to be received at the museum between March 1 and 23. They may be transported by hand or shipped prepaid.

All three communities were darkened overnight by loss of power lines.

Another funnel ripped out of a savage thunderstorm at Oklahoma City and struck the eastern part of the city and skipped into Jones northeast of here.

Six persons were slightly injured at Jones as the twister bowled over houses and house trailers as though they were a child's building blocks.

RUSSIAN TOPS 7-3 HIGH JUMP TO BEAT YANK

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP)—If there are any non-believers in the house on the quality of Valery Brumel's high jumping, please take leave—he is great, just plain great.

"He's the greatest," admitted John Thomas, the Boston University junior today.

Brumel, an 18-year-old Russian, and Thomas, a 19-year-old American, clashed Friday for the first time since last year's Olympics when they met in the New York Athletic Club Games at Madison Square Garden.

Brumel, sandy haired and handsome, cleared 7 feet 3 inches, which equaled Thomas' best indoor performance. Thomas still holds the official world record of 7-3 1/4, but Brumel climbed over 7-4 1/2 three weeks ago in Leningrad, jumping indoors on a dirt floor.

CLEAR 7-3
When the bar was raised to 7-2, only Brumel and Thomas remained in the competition. Both had cleared 7-1.

But Thomas missed three times at 7-2, and Brumel cleared it on his first shot. Then the bar went up to 7-3. Brumel missed twice and the crowd of 15,930 that packed Madison Square Garden moaned. The spectators were with the Russian.

On the third try over he went and the crowd went wild. Brumel hardly wasted a minute before ordering the bar to 7-5. But he missed on all three tries.

Brumel and Thomas met twice more, in the National AAU Championships next Saturday and the Olympics. The Russian collected the silver medal with a 7-1 jump and Thomas was third with 7-4.

JUMPS 26 FEET PLUS
The Brumel-Thomas battle overshadowed Ralph Boston's indoor record broad jump of 26 feet 1 1/4 inches. Boston, the Tennessee jumper who holds all the world broad jump marks, had a 25-10 indoor mark pending. He hit 25-11 1/2, then on his last try, became the first broad jumper ever to soar over 26 feet indoors.

In the process, Brumel's teammate Igo Ter-Ovanesyan, fouled on all six of his jumps, so he batted .000. The third Russian, Evgeny Monokot, also fizzled. He finished third in the 2-mile behind Peter McArdle of the New York A.C., who won in 8:52.2, and Max Truex of the Air Force, who

BOB CUMMINGS TO START NEW TV PROGRAM

By BOB THOMAS
AP Movie-TV Writer

TOKYO (AP)—Don't ask why Robert Cummings would be in a Chinese restaurant in the Japanese capital talking about an American TV show. Don't ask; just listen.

Fact is, when Cummings starts talking, you're bound to listen. He speaks with the zeal of an evangelist, which he is.

One of his crusades is bringing joys of food supplements to the unenlightened. He is working here on "My Geisha," and he has most of the company hooked on his pills, which he dispenses in gross lots.

"JUST IMAGING"
In between the shark fin soup and fried rice, he chomped on handful of protein tablets and wheat germ pills and philosophized.

"Imaging," he said, "That's the way you can accomplish anything in life. Once you image what you want—and if it is good for you and other people—all you have to do is start acting as if you already have it. And before long, you will!"

He illustrated with his career. For five years he imaged himself as a British actor and won his start in the theater and films. He now images himself young, and at 50 he looks like a collegiate.

MANY SHOWS
His latest imaging has accomplished the virtually impossible feat of a third bigtime TV series. He did "My Hero," which is still making the re-run rounds in the United States and elsewhere. More importantly, he had a five-year run with "The Bob Cummings Show." Next season, CBS will offer an entirely different series, oddly named "The Bob Cummings Show."

How come? Because Bob imaged it. "It happened a year ago," he recounted. "One morning it came to me, the kind of a show I wanted to do."

SNAP UP FILM
He sent for the boss of a giant agency, who bought the idea immediately. The writers' strike delayed the project for months. But as soon as the pilot film was made, it was snapped up. The story has Bob as a playboy with a home at an airport in Palm Desert, Calif. He's sort of a jet age Paladin, taking on jobs to help out people when he runs out of money.

As with his previous series, Bob will star in, direct, produce and image the new show.

Anti-Negro Law Is Ruled Invalid

MONTGOMERY, Ala. (AP)—A state law which took about 99 per cent of the Negro voters off the poll list at Tuskegee has been ruled unconstitutional in federal court.

Judge Frank M. Johnson Jr., has also prohibited enforcement of the 4-year-old statute which rearranged Tuskegee's city limits and virtually abolished Negro voting there.

Johnson, acting Friday on a suit filed by 12 Tuskegee Negroes, decreed that the 1957 legislative act denies Negroes the rights guaranteed by the Fifteenth Amendment to the U.S. Constitution.

Local authorities were forbidden to enforce the law, which reduced from about 400 to only four or five the number of Negro voters living within the newly redrawn city limits.

Located 40 miles east of Montgomery, Tuskegee is the county seat of Macon County where Negroes outnumber white residents nearly 6-1.

Many Borrowers Returning Books

EAST ORANGE, N. J. (AP)—The East Orange Public Library was doing a brisk business in overdue books returns as an aftermath of the falling last week of delinquent borrowers.

A majority of the latest group of persons asked to return overdue books did so promptly Friday, as had 20 persons the day before. The special desk at police headquarters for returning overdue books also was in operation again.

Library Director Harold Roth said that borrowers requested to return overdue books would be granted a period of grace of several weeks before the library made an official complaint.

Also overshadowed was Istvan Rozsavolgyi's fifth straight mile victory since arriving here three weeks ago. Rosy's time was 4:04, his best to date. Pete Close was second about 12 yards back and Ed Moran third.

Other winners included George Kerr of Illinois in the half mile (1:52.2), Jim Wedderburn of New York University in the 600 (1:18.8), Dick Edmunds of Princeton in the 500 (57.8), Hayes Jones of Ypsilanti, Mich., in the 60-yard hurdles (7-1), Dave James of San Francisco in the 60-yard dash (6-1), Don Bragg in the pole vault (15-7) and Wilma Rudolph in the women's 50-yard dash (6.0) and the 60-yard dash (6.8, a record).

Jail Woman For Killing Her Baby

DOYLESTOWN, Pa. (AP)—Mrs. Suzanne I. Bilhardt, 20, was sentenced to four to 18 months in prison Friday for throwing her infant son to the floor, fatally injuring the tot.

"The remembrance of this act will remain with you forever and a more severe sentence would only be anticlimactic," Judge Edward C. Beister told Mrs. Bilhardt.

sheriff until he can pay the fines and costs.

Mrs. Anna Yasovsky, 43, Aspers, mother of three children, was given a suspended sentence on a larceny charge, placed on probation for one year, ordered to pay \$100 for the use of the county and pay the costs, and to make restitution to Sanders Brothers Store, Keebler's Hill, of \$111.74. The court was told Mrs. Yasovsky had cashed three checks totaling \$111.74 and then had picked up the three checks and took them with her. The court told Mrs. Yasovsky that it realized she was not fully responsible but that the people of the county must be protected and that the sentence is being held open so that it may be a deterrent in event she is tempted to take things again.

Oscar Leroy Cassatt, Orrtanna, was given a suspended sentence and ordered to pay \$150 for the use of the county and the costs on a charge of driving during suspension.

Clinton O. Wolfe, Fayetteville R. 2, was also given a suspended sentence and ordered to pay \$150 for the use of the county and the costs on a charge of driving during suspension.

MIX SENIOR GOLFERS FOR LAST ROUND

By WHITNEY MARTIN
DUNEDIN, Fla. (AP) — Today is the day of the big get-together in Professional Golfers Association Seniors Tournament.

The 55-and-over age group and the 50-54 group have played separately until now, each completing two rounds. They both have been playing from the short tees of the National PGA course.

Today the low 125 and ties of the combined division play their round together, and the long tees will be used, increasing the length of the par 72 layout from 6,352 to 6,614 yards.

32 SHOOT PAR
The 50-54 group completed its second round Friday with 32 of the members shooting par or better for the 36 holes. Sixteen of the 55-and-over players are under par at the halfway point. The cutoff number was 152.

Clarence Doser, Gaithersburg, Md., was setting the pace for the entire field at the end of Friday's play with a 36-hole total of 135, nine strokes under par. He was one stroke better than Buck White, Greenwood, Miss., whose first round of 63 was followed Friday by a disastrous 73. Doser put together consistent rounds of 68 and 67.

SHAR'S THIRD SPOT
Paul Runyan, La Jolla, Calif., a member of the younger group and former champion Pete Burke, Cold Spring Harbor, N.Y., in the 55-and-over class, shared the third spot at 137 as today's play started.

Four players, including Bill Goldbeck, Mt. Kisco, N.Y., an older class performer, were in the 139 bracket and the 140 group included two older players and three of the 50-54 group, the latter trio listing Jimmy Demaret as a member.

Leonard Ruck, Sylvania, Pa., in second place after the first round with a 66, soared to a 77.

4 Cross-Street Traffic Timing

Slashed To 10 Seconds Here: As a result of the states survey of traffic conditions in Gettysburg, begun last fall at the request of a committee of the borough council, four traffic signals have been changed to reduce the timing of the green light for cross streets. Burgess William G. Weaver said today.

The lights formerly were set to show green 30 seconds on the main traveled streets and 20 seconds on the side streets, Weaver said. Four have been reset, at the state's recommendation, for ten seconds on side streets. No change has been made in the 50-second green light for through traffic, the burgess said.

Speakers on crime prevention are also scheduled in the public and parochial schools Tuesday in connection with the local observance.

Today's Talk

KEEP TESTING YOUR LIFE
I like to be missed—and I like to miss those I love. Because then I know that I have given out something and in return I have received something.

And when I lie down at night and think during the last few minutes before I am lost in sleep, and can recall things I have done, or something I have said that has made someone else happier, then I know that my life has not been lived in vain.

It's a good thing to keep testing your life to see if it is measuring up.

I see that my car is kept in smooth running order. I have it inspected regularly. For it is used daily to drive me to and from my business office and to give pleasure to others. I see no reason why this life of ours should not receive as good attention.

What an inspiring thing an active, thoughtful, helpful, useful life is!

If we keep testing out our abilities and talents, we come to know just how strong we are, but that is not all. As we find out that we are strong, we learn that we can become stronger. That is the wonderful fact about life.

What a man does not put himself to a thorough test every day, how is he going to know how strong he is? And if he doesn't know how to walk past failure, how is he to face success?

Keep testing your life. Keep learning new things about it. Find out exactly just what you are able to make out of it.

What a thrilling thing to go mining into one's very self for the gold of ability that lies hidden within us all.

We never know how far we are able to go into the world with what we have until we have learned through repeated tests.

Knowledge increases knowledge!

WHO DOES HIS BEST

God bless the man who does his best

And fill his life with cheer.

Let him find happiness and rest

And peace and comfort here.

May victory be his in time,

When he has proved his worth,

And may his days be sweet with rhyme,

And fellowship and mirth.

God bless the man who does his best

Wherever he may be,

Or north or south or east or west,

On land or on the sea!

May friends make glad his round of days,

Success reward his care,

And may he walk untroubled ways

'Neath sunny skies and fair.

God bless the man who does his best

And guard him day and night.

Grant him the courage for the test

And let his heart be light;

Consume him when he is distressed,

And when his hope grows dim,

God bless the man who does his best.

The world has need of him.

ROYALTIES TO

COME AT LAST

NEW YORK (AP)—Twenty-eight years later, and minus about \$345,000 he could have earned in royalties, Sholom Secunda will begin reaping a real profit from his Yiddish melody, "Bei Mir Bist Du Schoen."

Secunda wrote the tune in 1932, copyrighted it a year later, then in 1937 sold the rights for \$30 to a music publisher.

Under federal law, a copyright expires after 28 years and can be renewed only by the author or someone he designates.

Secunda, 66, Thursday signed a contract with Harms, Inc., music publisher which has handled the song for more than two decades. The tune, first popularized by the Andrews Sisters, earned about \$3 million via 250,000 copies of sheet music and 2½ million records.

In 1954 Secunda joined ASCAP (American Society of Authors, Composers and Publishers) and the group saw to it that he collected a royalty on some of the performing rights of the song. These royalties have reached a total of \$4,325.72.

8 SHIPS IN COLLISIONS OFF EUROPE

By DENNIS NEEDL

LONDON (AP)—Eight ships, including the 10,687-ton American freighter Ocean Evelyn, were involved in collisions during Thursday night around the fog-shrouded coasts of Europe. A ninth went aground.

Distress reports flashed in to harassed Coast Guard stations to climax 48 nightmare hours of shipping chaos.

The Ocean Evelyn, registered from New York, and the Dutch vessel Amstelhoeke collided off England's Kent Coast. Both were groping through the blanket of fog, and neither vessel was badly damaged. Two crewmen aboard the American ship were injured.

CREWMAN KILLED

The 12,729-ton Norwegian tanker Raita and the 10,056-ton West German freighter Bochum crunched together five miles out in the narrow straits of Dover. One German crewman was killed, another injured. The Bochum was badly holed and tugs stood by, waiting for the fog to lift.

Off nearby Dungeness the British ship Beech Hill, 7,150 tons, and Formality, 410 tons, collided. The Beech Hill, damaged above the waterline, anchored to await assistance.

A British Navy auxiliary vessel grounded at Dungeness. Another ship waited to tow the stranded vessel off at high tide.

In the Baltic, the Finnish motor coastal ship Berny sank after a collision with the Panamanian steamer Tyne. The Tyne picked up the Finnish crew.

The prosecutor's office said it is investigating to determine if illegal coercion is involved.

LENTEN PRAYER FOR TODAY

from *Go With God*
BY JIM BISHOP

Michelangelo Buonarroti (who died 395 years ago today, February 18, 1564, at the age of 89) was a gifted poet as well as sculptor, painter, and architect. From 1534 to 1541 this great figure of the Italian Renaissance worked on the "Last Judgment" in the Sistine Chapel in Rome. During this time he formed a great friendship with Vittoria Colonna, and to her he dedicated many religious sonnets. The deep moral conflicts that rose within his own spirit are reflected in this prayer-poem.

Oh, make me see Thee, Lord, where'er I go!
If mortal beauty sets my soul on fire,
That flame when near to thine must needs expire,
And I with love of only Thee shall glow.

Dear Lord, thy help I seek against this woe,
These torments that my spirit vex and tire:
Thou only with new strength canst reinspire
My will, my sense, my courage faint and low.
Thou gavest me on earth this soul divine;
And Thou within the body weak and frail
Didst prison it—how sadly there to live!
How can I make its lot less vile than mine?
Without Thee, Lord, all goodness seems to fail.
To alter fate is God's prerogative.

Industrial Output Drops 6th Straight Time; Income Off 3rd Month In Row

WASHINGTON (AP)—Two new government reports show a further lag in the economy with industrial output dropping for the sixth straight month in January and incomes falling for the third month.

In one report, the Federal Reserve Board said Thursday that production at mines, factories and utilities dropped 1 per cent to a point 8 per cent below the record level achieved in January, 1960. In a separate report, the Commerce Department said personal income dropped by \$600 million last month to an annual rate of \$406.3 billion. This compared with last October's record rate of \$409.7 billion.

The Board said a sharp cutback in auto assemblies, which has continued this month, was only partly offset by a better than seasonal pickup in steel.

INDEX DIPS ALSO

The board's industrial production index dipped by one point in January to 102—only 2 per cent greater than the average for 1957.

Further declines in production of business equipment, clothing, furniture, auto parts and some nondurables were noted by the board. Petroleum output increased and appliance production held steady. There was little change

in activity in mining and utility industries.

The Commerce Department report said most of the January income decline reflected a reduction in manufacturing payrolls.

Wage and salary payments in manufacturing dropped at the rate of \$400 million a year last month, while marketing payrolls were down \$300 million. Larger payrolls in government and service industries partly offset these declines.

INCOME DROPS
The income of business and professional people dropped \$200 million to the rate of \$35.5 billion a year. There was little change in other types of income.

Meanwhile, the Small Business Administration announced a new move to help stimulate hard-pressed sections of the economy. SBA said size standards for businesses eligible for its aid are being increased by 25 per cent in areas having substantial unemployment.

What this means is that more and larger firms will be eligible for assistance.

President Kennedy said Wednesday night that this action would be taken.

In another step to spur the economy, the Veterans Administration said that, working overtime, it now expects to complete distribution of some \$258.5 million in 1961 GI insurance dividend payments before the last week of March.

The announcement represents a speedup from the original completion date of June 30.

Normally the payments are spread out over a full year. Kennedy ordered immediate distribution to help stimulate the economy by increasing buying power among the more than 5 million veterans involved.

100,000 Welcome Santa Maria Home
LISBON, Portugal (AP)—The Santa Maria sailed home Thursday to a triumphant welcome from a crowd of 100,000 and with only one passenger aboard—an American.

Howard Weisberger, Las Vegas, Nev., stayed with the liner after it was freed from his hijackers rather than accept the alternate free transportation home provided for the rest of the nearly 600 passengers.

Weisberger had his automobile on the Santa Maria and apparently was determined not to be parted from it. The liner's owners will send him and the car back to the United States free on another ship.

Dozen Big Dams Planned In Potomac River Basin

If the Army engineers have their way, the Potomac River, of which Marsh Creek and Rock Creek are tributaries, will eventually have a dozen or more massive dams flooding 57,400 acres of land in Maryland, Virginia, Pennsylvania and West Virginia.

The proposal is designed to provide enough water for 7,300,000 people in the Potomac Basin, the population expected by 2010—60 years from now. That number is 4,300,000 more than the present population.

According to news reports from Washington the Army engineers hope to get their huge water impounding program along the Potomac under way "within the next 10 or 15 years."

BIG ONE ON MONOCACY

It will cost \$500,000,000, according to the present estimates and will place one of the largest dams on the Monocacy River between here and Frederick. That dam would be the second largest in the proposed system and would create a reservoir with a surface of 13,000 acres.

According to the Army engineers the Monocacy Valley, the Frederick area, will increase its population from 176,000 inhabitants now to 280,000 by 1965 and 411,000 in 2010. Thus, according to Col. George B. Summer, of the Army engineers, the Frederick area will need 206,000,000 gallons of water a day by 2010. The present flow of the Monocacy at Frederick provides an average of 22,600,000 gallons per day.

While the proposed impounding dam this side of Frederick probably would not cause the body of water to rise back into Adams County, it would provide an unusual additional recreational area near.

2 PENNA. DAMS

The proposal would put dams on the Conococheague north of Chambersburg and on the west branch of the Conococheague near Mercersburg.

The impounding dam proposed for near Chambersburg would provide a 1,050-acre reservoir. The one near Mercersburg would be a 1,600-acre reservoir.

To Re-enact Lincoln Legislative Visit

HARRISBURG (AP)—President Abraham Lincoln's visit to the Pennsylvania General Assembly 100 years ago will be re-enacted by the Legislature next week.

Lincoln addressed a joint session of the legislature here while he was on the way to Washington to take the oath of office as president.

About 20 persons will appear in period costumes for the ceremony, scheduled Tuesday in the House chambers.

Otis Morse, secretary to Gov. Lawrence and a former radio-television personality, will play the role of Lincoln. Lawrence will appear as Gov. Andrew Gregg Curtin, a staunch Lincoln supporter.

Lincoln Show

ON TV CALLED "UNNERVING"

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—This evening viewers who are accustomed to having their whodunits and westerns satisfactorily tied up at the end of 30 or 60 minutes, may be in for an unnerving experience.

CBS' Show of the Month has preempted "Have Gun, Will Travel" and "Gunsmoke," and for 90 minutes will explore the mysterious circumstances surrounding the assassination of Abraham Lincoln.

The drama, "The Lincoln Murder Case" was written by Dale Wasserman, and is an examination, based on documentary evidence, of many of the unexplained and strange events before and after the shot was fired in the theater.

HIGH CONSPIRACY
Wasserman originally was assigned to write a play based on "Web of Conspiracy," by Theodore Roscoe, a historian whose research led him to believe Lincoln's death was part of a conspiracy which included important members of Lincoln's official family. He did not believe, as the accepted version has it, that John Wilkes Booth was a madman who dreamed up the whole idea himself.

Wasserman, after studying the book, continued research, ultimately going to Washington to check original source material. Like Roscoe, Wasserman is absolutely convinced a high-up conspiracy was operating.

Wasserman expects that his play will be controversial—in fact he hopes it will be.

SHAKE PEOPLE
"I think people ought to be shaken up every once in a while," he said. "This show just shoots some questions up in the air, and maybe people won't like it. I suspect that most people like to have their legends neatly wrapped and all the ends tied up, and hate having them disturbed or destroyed."

The die is cast and the Dinah Shore Show, after all these years, will leave the NBC Sunday night lineup next season. (Dinah, however, will appear in an occasional special show on the network.) And it is expected that the Walt Disney Show, moving over from ABC, will take over the hour now occupied by the Shirley Temple Show.

Warriors Drub Trojans 62-49 To Take Over Top Spot In South Penn Loop

Four down and one to go.

That's the story for the Gettysburg High School cagers who took over undisputed possession of first place in the second-half race of the South Penn League here Friday evening by outclassing Chambersburg 62-49.

As a result of the victory the Warriors can clinch the second-half title via a victory at Biglerville in the final on Tuesday. Already coaches and fans are warning the Warriors about overconfidence against Biglerville.

Another standing-room-only crowd was on hand and was thrilled by the performance of Coach George Forney's lads who were in command to win with surprising ease. Many fans were turned away when the doors were closed at about 7:20.

After John Walker opened the game shortly after the whistle with a goal for the visitors, the Warriors literally swept the Trojans off their feet with a blistering attack that rocketed the lead to 20-4 with 38 seconds remaining in the period which finally ended 20-7.

14-POINT STRING

A run of 14 straight points after Walker's goal gave Gettysburg a lead which was never seriously threatened. Mark Eckert knotted the score with a pair of fouls. Howie Miller hit from the side. Roger Ecker landed a foul, Greg Maitland went under for a three-point lay-up following a steal. Ecker hit from underneath, Miller netted a jump shot and Eckert dribbled through for another goal in the string of points.

The Trojan point famine ended when Walker netted a foul only to have Eckert hit from the side. Steve Gotwals netted another foul for the Trojans and then Miller hit on a jump shot and Maitland sank a pair of free tosses to make it 20-4. After Walker swished a charity toss, Gotwals made Chambersburg second goal of the period just before the period ended.

Scoring was identical in the next three periods for both teams and the closest the invaders could come was 10 points at 47-37 late in the third period but it was the Warriors' game all the way.

Maitland, turning in one of his best performances, got all of his 13 points in the first half and landed three goals in the second period to lead his team to a 32-19 halftime advantage. Miller clipped with four points and Eckert went to round out the Warrior scoring in the frame. Walker, Gotwals and Jack Mull each netted four for Chambersburg.

TROJANS "SPURT"

Twice in the third period Gettysburg enjoyed 18-point margins at 43-25 and 45-27. Then Chambersburg made its only threat, and mild it was, when it pulled up to 47-37 as Mull accounted for five goals in the round. A three-point by Miller, who racked up seven tallies in the quarter, gave the Warriors a 50-37 lead going into the final stanza. Eckert connected three times, Don Waddell and Eckert once each for Gettysburg in the frame.

A side shot by Eckert and corner chuck by Eckert opened the last period. After Walker tallied from underneath Waddell hit from the corner and then followed with two free tosses to make it 58-39 with 5:46 left. Successive goals by Walker were offset by a three-point by Eckert and foul by Miller with Bob Varner and Carl Watson netting harmless goals for the Trojans to wind up the scoring.

Action In GHS Triumph

Roger Ecker, Gettysburg center, holds the ball aloft in second half play here Friday evening when the Warriors crushed Chambersburg 62-49 to take first place in the second half race of the South Penn League. Mark Eckert (25) is shown attempting to aid Ecker while Don Waddell (32) watches from the foreground. On the extreme left battling for the ball is Carl Watson of Chambersburg and peering up from the right over Waddell's shoulder is John Walker of the Trojans. (Ramer photo)

Craig Hoke and Tom Hardy accounted for 21 and 12 points for Littlestown. R. Dubose led Scotland with 22.

Bernie Thrush's outfit led 16-15 at the end of the first quarter and then slipped behind 31-30 at half time. Cedar Cliff topped its lead to 49-42 in the third period and then held on to its lead despite the determined efforts of the upper county squad.

Rodney Sheaffer, Bill Sammi and Gordon Harvey sank 21, 18 and 10 points, respectively, for Biglerville. Top scoring honors for the evening went to Dan March, 6-5 Colt center, who netted 24.

The Cedar Cliff reserves copped the preliminary 44-30. Biglerville concludes its South Penn schedule Tuesday evening when it meets the league-leading Gettysburg High Warriors at Biglerville and the recent performance of the Canners indicate the Warriors will have to turn in another topnotch performance in their bid to clinch the second half championship.

CELTICS BOOST LEAD IN LOOP
PHILADELPHIA (AP)—"It was far and away our best game in a couple of weeks," Coach Neil Johnston of Philadelphia said Thursday night, after his Warriors defeated Boston, 121-111.

"We needed that one just to renew our faith in ourselves."

But the faith wasn't enough to sustain the Warriors in a game with visiting Boston Friday night that was tied 18 times before the Celtics won 133-128.

The victory in a Convention Hall doubleheader gave the Celtics a 72-game lead over Philadelphia in the Eastern Division of the National Basketball Association.

Syracuse defeated Detroit 115-113 in the opener, dropping Detroit to third place in the Western Division, a half-game behind Los Angeles. There was no other NBA action.

Adams County Farm Agent Says Animals, Equipment Saved By Careful Loading

By FRANK S. ZETTLE
Adams County Farm Agent

Take your time when loading any livestock for market these days. It's time well spent. If you hurry and the animals get excited you stand to lose in two ways. Two-thirds of the bruises that contribute to meat loss on cattle carcasses come from crowding, or bumping the animals during the trip to the market. Furthermore, half of these bruises occur in the hip region. Heavy trimming of beef loin is needed. And it seems that most of these cattle get bruised during the loading process.

Careful loading of animals will pay you in another way. Animals that are not under control can cause plenty of trouble, wreck loading chutes or gates, truck boxes and other equipment. What's more, they increase the chances for individuals involved in the loading operation to get hurt. The cattle lose weight and you lose money. It always pays to keep the animals you load under complete control at all times.

ATTACKS OF RED LEAF
Recurrent attacks of red leaf, a virus disease that gave many Pennsylvania oat fields a reddish cast last May and June, can be expected in 1961.

Occasional severe losses are likely to occur when conditions are favorable for an early build-up of virus-carrying aphids. The virus is not seed-borne and no spray program or seed treatment is recommended. The suggestion to oat growers for 1961 is to follow recommended variety, cultural and fertilizer practices, seed early as possible, and hope for the best.

The disease, known variously as oat red leaf, barley yellow dwarf, or cereal yellow dwarf, stunts growth and turns leaves red. It attacks perennial grasses, including bromegrass and orchardgrass, in addition to small grain crops.

VIRUS IS TRANSMITTED
The virus is transmitted during the feeding of various grain and grass inhabiting aphids. It overwinters in the aphid body and also in infected grains and grasses. Oat varieties containing Clinton parentage such as Clinton, Clinton 11, 59, and Clinton 4 are very susceptible. Some research is being done and looking to the future there is hope for tolerant spring oat strains that are available to use in breeding programs to produce adapted Pennsylvania varieties. But this will require several years work.

Adams County farmers are losing dollars by planting seed of unknown quality and performance. Facts to support this statement are backed up by results of seed surveys conducted in Pennsylvania and in many other states and Canada.

Seed surveys made in various states by county agents, vocational agriculture teachers, seed control officials, crop improvement association staffs and others have shown that farmers often lose money trying to save money through using their own seed, unadapted varieties and hybrids, or untested seed.

Through yield comparisons in one state, it has definitely been shown that the farmers' net profit would be increased if certified seed were used. No known way exists for anyone to tell the performance of seed by appearance. Planting just any seed, therefore, is a gamble. Certified seed must be true to variety. It must equal or exceed the prescribed requirements for germination, varietal purity, adaptation and freedom from weed seed.

To be eligible for certification a variety or hybrid must have proved high performance in its recommended area.

Farm Calendar

Stop Winter Slump — Laying hens that have gone down in production during cold weather may come back to normal production if given supplemental Vitamin A and D feeding oil. Just give the birds a dose of feeding oil or cod liver oil in the feed, says Herb Jordan, Penn State extension poultry specialist. The local feed dealer or county agent can suggest a recommended mixture.

Protect House Plants — Keep house plants away from radiators, but guard against freezing during cold nights especially where such plants are placed close to windows. Extension circular 491, "Growing Better House Plants," has other useful tips on growing plants in the home. It's available from county agricultural agents.

Save Baby Pigs — One-third of all pigs born never reach market, says Les Burdette, extension livestock specialist at Penn State. Cold, drafty, wet farrowing pens cause most of the troubles with baby pigs. The high death rate among baby pigs can often be prevented by good management.

Kill "Dirty Rats" — One rat will eat about 40 pounds of feed or food yearly and will contaminate nearly 10 times this amount. Stanley Gessell, Penn State extension entomologist, says there are a number of excellent rat baits on the market. When used properly, they are effective and safe. Follow directions carefully.

Spring Oat Varieties — Clinton, Garry, and Clinton 59 are the recommended varieties of spring oats for Pennsylvania in 1961. Under conditions of high soil fertility, Clinton 59 or Clinton 59 is better than Garry, says Elmer C. Pifer, extension agronomist.

SAY McNAMARA WILL REQUEST MORE WEAPONS

By JOHN SCALI

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara has nearly completed the top-to-bottom review of American military strategy and weapons ordered by President Kennedy.

A preliminary draft of McNamara's findings will go to the White House in a few days. A final version of the four-pronged study will be in Kennedy's hands well in advance of the March 1 deadline he set for his new Pentagon chief.

Advance signs are that McNamara will recommend 25 to 30 steps to streamline Army-Navy-Air Force defenses in the nuclear age.

MORE SPENDING

These undoubtedly will include more spending for missiles, modernizing and strengthening Army forces to fight limited wars and continued reliance on long range bombers as the main punch in deterring any Communist attack. It is believed McNamara will avoid recommending any radical changes in the basic defense strategy that guided the Eisenhower administration.

He believes the 38 days allotted him for the study provide insufficient time for proposing any far reaching changes. These may come later, if he decides after further study that the international outlook demands them.

4 TASK FORCES

Four separate task forces, working at forced draft, have been putting together their suggestions. McNamara wants them at hand by Monday.

The new review is expected to provide a more detailed answer to the hotly debated question of whether there is or is not a missile gap favoring the Soviet Union. McNamara told newsmen at a confidential "background" briefing two weeks ago that there was no such gap. But since then he has shied away from repeating this publicly, contending that no definitive study on this has yet been completed.

NO "DESTRUCTION GAP"

McNamara took this same line in a letter which he sent to Senate Republican Leader Everett Dirksen of Illinois. The letter was made public Thursday. McNamara stuck to his basic belief—also reported by newsmen—that there is not now and will not be a "destruction gap" favoring the Soviets.

By this, he meant that combined American military power, including missiles, bombers and ships, could inflict more damage on the Soviet Union than the Soviets, with all their military might—including missiles, could inflict on the United States.

FIGURE COST FOR PLANTING CORN IN PA.

What does it cost to plant an acre of corn in Pennsylvania?

According to figures collected by the Crop Reporting Service of the Pennsylvania Department of Agriculture on the rates of custom operators, the bill would come to \$10.60 an acre plus the cost of seed and fertilizer.

Broken down, the average cost of plowing an acre of sod is \$4.15, disking is done for \$2.40 an acre, harrowing for \$1.95 and planting with a two-row planter for \$2.10. These custom costs figures are the average for the state and vary considerably within geographic regions.

AVERAGE CHARGES

This is the first study of custom rates ever done in Pennsylvania. More than 400 custom operators participated in the survey of costs for normal custom jobs.

The most uniform rate within the state was the 10 cents a bale charged for baling hay and straw. Incidentally the average bale is 3.1 feet long.

Other average charges are \$6.15 an acre or \$7.05 an hour for two-row corn picking; \$6.15 an acre or \$7.25 an hour for corn combining; \$5.75 an acre for combining small grains with a pull-type machine or \$6.85 for combining with a self-propelled combine, and 19 cents an hour for feed grinding and mixing.

The average cost for a complete job of silo filling comes to \$12.35 an hour. This job includes the use of the chopper, the blower, one full time and one part-time tractor, two wagons full time and one part time and the services of two men.

PRICES FOR 1960
Weed control spraying averaged \$2.45 an acre with the operator furnishing the spray material and \$1.55 an acre if the farmer furnished the materials.

Insect and disease spray rates were \$3.30 an acre with the materials furnished by the operator and \$1.55 with the farmer furnishing the materials.

Some operators did not report rate charges for certain jobs. For example, the job of field chopping hay or silage, on a per acre basis, does not show any average rates for the areas or the state. There were only 10 reports submitted on this particular job for the entire state.

Rates charged ranged from \$5 reported in the south central area to \$15 in the northwest. The state average for the 10 reports for field chopping on an acre basis came to \$10.30.

The average prices were for the 1960 crop year.

INDICTED FOR TAX EVASION ON BIG SCALE

PHILADELPHIA (AP) - A federal grand jury has indicted a business executive on charges of evading nearly \$1 million in income taxes.

The indictment was handed up in U.S. District Court Thursday against Morris C. Goldberg, 38, who last year was fined \$15,000 after pleading guilty to charges of conspiring to monopolize the linen supply business in Pennsylvania, New Jersey and Delaware.

Goldberg and Rudolph Csicssek, 41, of nearby Springfield, Pa., a former administrative assistant and associate who also was indicted, were charged in the 51-count indictment with conspiring and attempting to evade the income taxes of Goldberg and 13 corporations during 1955 and 1956.

U.S. Atty. Walter E. Alessandrini said it was the largest income tax evasion case in the history of the U.S. District Court of Eastern Pennsylvania.

Goldberg is charged with evading payment of \$344,878 in taxes in 1955 and \$301,061 in 1956. The indictment charges that 13 corporations, of which Goldberg is president and chief stockholder, evaded \$349,688 in taxes in 1955 and 1956.

TEA HOUSE OF JAPAN NOW IS COFFEE HOUSE

By BOB THOMAS
AP Movie-TV Writer

TOKYO (AP)—The Teahouse of the August Moon is old stuff nowadays. The coffee house has taken over.

The Japanese have taken to the coffee house with a passion. There are more than 7,000 in Tokyo alone, and more open every week.

The coffee house here bears little resemblance to the American variety. You'll find no beards, bards nor beatniks. The Japanese coffee shop might be described as a combination drug store and saloon, with elements of the cabaret and Coney Island.

POSTWAR SPREE

They are strictly a postwar phenomenon, providing a place for young couples to date. The American style of dating was not practiced in Japan before the war. The coffee houses are—well, you just can't understand them without seeing them. Even then, you may not be sure.

First stop is the Fujiya Music Salon, a tastefully decorated place. As is the custom in the coffee places, you buy a ticket at the door for your refreshment—tea, coffee, fruit drinks, beer, sundaes, etc., at around 150 yen (42 cents) apiece.

You take a seat on one of the tables, and the waitress takes your ticket and brings the order. You sip and listen to a combo of six sleepy-eyed musicians playing progressive jazz that would be more than acceptable on the Sunset Strip.

ROCK 'N' ROLL

Next comes the Tennessee. You take a table in the balcony of the rocooco place, sitting alongside bobbysoxers just out of school. All of a sudden the bandstand erupts with a rock 'n' roll "I'm Going to Stop Shoppin' Around," complete with honking sax and thumping guitars.

The din becomes too great, and you walk to the Yie-Lai-Shian, a tastefully decorated Chinese palace. At the far end is a platform where a 10-piece chamber-music group is playing "Liebestraum." The atmosphere is hushed, and couples whisper over their coffee cups.

You could keep walking from one such place to another until you were awash with coffee. They are all over the city in an infinite variety. One features waitresses in negligees, another offers bikinis. One is fashioned as an airliner; customers are strapped with seat belts in reclining chairs.

THIEVES ADMIT 2 FLORIDA JOBS

NEW CASTLE, Pa. (AP)—State police says two men held in the shooting of a state trooper have admitted two armed robberies in Tampa, Fla.

Officers said Thomas Ferriman, 23, of Chippewa Lake, Ohio, and Max Parson, 20, of Tampa, admitted the holdups to Deputy Sheriff T. J. Prestidge of Tampa when he questioned them here Thursday.

In one of the holdups, police said, a cab driver was pistol-whipped and robbed of \$5 on Feb. 8. State police had no details on the other holdup.

ADMITTED SHOOTING

Officers said Ferriman admitted shooting State Trooper Leonard Straple last Monday night after the policeman stopped Ferriman in a station wagon near New Castle for speeding.

Ferriman and Parson were captured several hours later near Sharon.

Straple, shot three times, remained in a serious condition in New Castle Hospital.

One bullet has been removed. Police said plans to transfer Straple to a Pittsburgh hospital for removal of the other bullets have been dropped.

Meanwhile, in Harrisburg, State Police Commissioner Frank G. McCartney said Straple will be decorated when he recovers.

McCartney said he would not tell at this time what decoration the wounded trooper will receive. He said a new program of citations now is under study.

Three Youths Are Killed In Gun Accidents Thursday

By THE ASSOCIATED PRESS

A 17-year-old boy who police said was carrying a pistol for protection should trouble develop at a high school basketball game was among three youths killed Thursday in gun accidents in Pennsylvania.

Howard Minter Jr. of Philadelphia died at the home of Carl C. Ambrose, a 17-year-old senior at Gratz High School. Ambrose was charged with homicide, wantonly pointing a gun and reckless use of firearms.

Police said that the youths had planned to go to a basketball game but first stopped off at Ambrose's apartment to eat.

GUN IS DISCHARGED

Ambrose was quoted by police as saying that Minter pulled out a .38-caliber pistol and said: "I'm not getting beat up like some of the kids did at the last game."

Police said the pistol went off as Minter and Ambrose passed the weapon between them "just to get the feel of it."

Joseph Gredone, 18, of Philadelphia, and Thomas Garrity, 15, of Pittsburgh, were the other victims of the gun accidents.

Police said Gredone accidentally shot himself with a .38-caliber revolver in his home while he was talking to his mother on the telephone.

Police quoted two friends of Gredone who were in his home watching television with him as saying that he playfully pointed the weapon at one of them, then the telephone rang.

BULLET IN TEMPLE

Gredone, the friends told police, went into the dining room to answer the phone with the gun in his right hand. After a few minutes, police quoted the friends as saying, they heard a shot and ran into the room to find Gredone on the floor with a bullet wound in his temple.

The Garrity boy, police said, was accidentally killed as he and his brother, James, 13, inspected a stolen .45-caliber automatic pistol at their home. Homicide detectives said the pistol went off as James was holding it. The bullet hit Thomas in the chest.

Detectives quoted James as saying that he, his brother and a neighbor boy took the gun from a car about a week ago. Officers said the gun belonged to Frank Geyer, a private detective who lives near the Garrity home.

Homicide detectives charged young Garrity with manslaughter and said he would be turned over to the coroner to await an inquest.

Meal For 5 At 65 Cents Shown

HARRISBURG (AP)—The state says it can show Pennsylvania home makers how to prepare a meal for five persons at a total cost of 61 cents.

Directions for preparing the low cost meal were carried live on a Harrisburg television station today and are being taped for distribution to 20 other television stations around the state.

The State Property and Supplies Department said the menu for the 61-cent meal includes meat and scalloped potatoes with a white sauce prepared with dried milk, string beans; tossed salad and drop cookies.

TAX INCREASE FOR HANOVER

The Hanover borough budget for the 1961 fiscal year, which embodies a real estate tax boost and a readjustment of the wage scale for borough employees, was formally adopted by Hanover town council at its monthly session in the municipal hall Wednesday night.

In approving the budget, which totals \$1,052,934, the councilmen authorized an increase in the real estate tax rate from 11 to 15 mills.

Council estimated the tax boost will account for an additional \$50,000 in revenue.

In accompanying ordinances, council voted for retention of the \$5 per capita levy and the 5 per cent amusement tax. Also unchanged are the \$25 tax on coin-operated amusement devices and a \$10 levy on juke boxes.

Council raised the borough tax collector's commission from one to one and one-quarter per cent to become effective January 1, 1962.

The new commission rate, in line with a similar scale set by the Hanover School District last week and effective at the start of next year, will produce a \$500-a-year increase for the collector.

Pa. HS Seniors Top Most In Math, Grammar But Are Low In Reading, Spelling

HARRISBURG — Pennsylvania high school seniors are smarter than average in mathematics and grammar but definitely not superior in reading, vocabulary and spelling.

These are the conclusions from results of tests given last fall to 17,000 seniors in 118 state high schools, representing a sampling of the 100,000 students expected to graduate next June.

Measured against the national average for high school seniors, the Pennsylvanians were high in mathematics reasoning, mathematics fundamentals, and the mechanics of English.

LAG IN READING

But they lagged well behind in reading comprehension, reading, vocabulary and spelling.

More than half the seniors tested for vocabulary and reading comprehension could not score above the national 11th grade level (9,000 or 52%).

GOOD IN GRAMMAR

Spelling was worse. Over 12,000 seniors (70%) could not spell as well as the average 11th grader.

In mathematics fundamentals, however, 52 per cent of the seniors were on a par with the average college freshmen and nearly half were at that level in mathematics reasoning.

Some 41 per cent scored at the college level in English grammar with 49 per cent doing as well as the average college sophomore in punctuation and capitalization.

At least one-fourth of the 12th grade students tested fell below the national level by at least two years in all six areas. The top quarter scored above the college sophomore level in reasoning and above the college junior level in mathematics fundamentals.

MORE DETAILS LATER

The tests were given by the Department's Division of Guidance and Testing as part of a three-year curriculum revision study. A complete report on the findings will be released in early March. It is expected to include regional comparisons and differences in size of high school.

Reading and spelling as such are not usually taught in Pennsylvania high schools, but the department has recommended that some form of instruction be given at the high school level.

In 1959 state-mandated courses in developmental reading were put into the seventh and eighth grade curriculum, but results are not yet evident among senior high school students.

Don't Force Your Child To Be An Actor Says Star Of "Hennesey," Jackie Cooper

By CHARLES J. LEAVY

WHILE talking with Jackie Cooper, star and co-producer of the "Hennesey" series on CBS-TV, Mondays, 10:00 to 10:30 p.m. EST, the impression kept coming back again and again that we were interviewing not the grown-up successful stage, screen and television star, but the little Jackie who we enjoyed so much back in the 30's.

"Most people probably are not aware of the fact that I started making silent pictures when I was three years old back in 1925. Actually, they were only small parts in the Lloyd Hamilton comedies. It was after that that I became a member of Hal Roach's 'Our Gang' comedy troupe," Jackie reminded us.

WINNING FILM "SKIPPY"

Jackie was only eight years old when he starred in the Academy Award winning film "Skippy."

"I was mentioned for an individual Oscar but lost it to Lionel Barrymore. However, it made little impression on me at the time," Jackie smiled, "for I fell fast asleep in Marie Dressler's arms during the lengthy award ceremony."

It has often been said that all men are just "big little boys." If grown-up Jackie were the criterion for this statement, the premise would most certainly be proved. That cherubic face of "Our Gang Comedies" though older thinner now is still possessed of that disarming smile which endeared him to so many.

No one should be better qualified to give advice on the advisability of parents urging their children to strive for an acting career.

ADVICE TO PARENTS

Jackie Cooper offers this advice to all parents with thoughts of pushing their child into an acting career: "Don't do it. Don't force your child to become an actor."

Cooper is firmly convinced that a child's place is at home, at school, or in the playground . . . any place but in front of the movie or television cameras.

"The problems are many, the rewards are usually slim, and the dangers many," say Cooper.

"Parents of a child actor must be prepared to devote 100 per cent of their time to the child. They must guarantee that he will develop and maintain a normal set of values. They must grow as the child grows. They must provide the education that will enable their child to keep space in an adult world."

BURDEN FOR PARENTS

"It's a tremendous load for parents. Few fathers or mothers are willing to devote themselves entirely to managing the career of their child, as my mother did."

"Child actors certainly can grow up to be nice normal people, but they must be prepared to face the day when they are no longer needed or wanted, the day their voice is unsuitable, their look changed, their face no different from hundreds of other young faces. That day arrives for all child actors."

"I can say this because I faced the same problem. When I left the Navy after World War II, I thought I no longer had any talent. My mother was gone and only the insistence of an old friend pushed me to New York the television; pushed me into making a new start as an actor."

SUCCESS AGAIN

That was a little more than a dozen years ago. Now, once again a success, not only as an actor but as a television executive. Cooper clearly sees the benchmarks young actors must follow.

"First," he says, "acting must be recognized for what it is—a complicated, involved business. Agents, managers, publicists and lawyers must be hired. Special skills must be learned to meet the demands of the craft."

"Most important of all is the need to gain experience. As I climbed the theatrical ladder from the Lloyd Hamilton comedies to 'Skippy' and beyond, I was exposed to every type of acting. Today that's impossible. I would think that the life of a child actor is even more difficult today than it was when I was young."

HIS BLACKEST YEAR

"Where does all this leave the youngster who imitates everything he sees on television, the youngster who people say should go into show business? Quite simple. It leaves him in the home, at school or in the playground — where he belongs."

Those first few years after his discharge from the Navy, Jackie regards as the blackest in his career.

By his own admission, Cooper stage activity.

Coast To Coast On Television

FROM WEEKLY TELEVISION

DIGEST: Desilu's latest projected series is an hour long adventure called "Counter - Intelligence Corps." Ed Sullivan, in the February issue of the Good Housekeeping magazine, says that TV violence is hurting the nation's young viewers. The columnist-TV host stated, "I wouldn't allow any youngster under 14 to watch any western at any time." There is a new animated TV series in the works called "Keema, the Invisible Boy." George Gobel plans to produce and star in a musical version of "Rip Van Winkle" as a 90-minute filmed special.

ONE OF THE BRIGHTER

British actresses to hit these shores and win acclaim on both the Broadway stage and in the films was Heather Angel. After a highly-successful career here she decided to retire several years ago. However, it seems that the professional inactivity has proven too much for Heather. She's going to try a "new" medium-television. Heather is coming out of retirement in "The Grubstake," an upcoming episode of "Lawman" on ABC-TV and the stars of the series, John Russell, Peter Brown and Peggie Castle, couldn't have been more delighted than to share in her "comeback."

FROM THE HOLLYWOOD

REPORTER: The radio-TV rights to the Patterson - Johansson championship fight on March 18 have been sold for \$1,100,000 . . . Lowell Thomas is preparing a one-hour "special" devoted to the musical works of Dimitri Tiomkin . . . Keenan Wynn and Abbe Lane guest star in a forthcoming "Naked City" episode . . . Johnny Mathis was presented with a special award from Dig magazine as the entertainer who did most for teen-agers in 1960.

SCOTT BRADY, star of "Shotgun Slade" must be a good persuader. It was Scott's ardent desire to attend the inauguration of President Kennedy in Washington, D. C. But with a heavy production schedule ahead he was afraid he couldn't make it. However, never one to give up, Scott did some fast talking to Producer Nat Holt. The latter, a kindly gentleman, listened to Scott's pleading and gave in. He suspended production on the TV show just so Brady could get to the Capital and back again to Hollywood.

"sat around Hollywood waiting for starring roles" that just never materialized. He soon pulled up stakes and headed for New York, actually to start all over again, ironically searching for success in a business for which he was once a headliner.

STUDIED INCESSANTLY

For three years he studied incessantly, observed other performers and worked in seemingly endless summer stock. Finally, in 1948, he made Broadway in a play called "Magnolia Alley." The critics panned the drama but, fortunately, praised Cooper's portrayal.

Things began looking up for the even more-determined young actor, and he was soon touring the nation as well as playing six months in London with "Mr. Roberts." He followed quickly with the Broadway hit play, "Remains To Be Seen," with Janis Paige.

Gaining confidence, he soon made his television debut, interspersing work on virtually every major New York show with his

FOOD FOR THOUGHT

"The chicken is the foundation of a good meal," a Spanish proverb states, and no experienced cook would quarrel with that assertion. Since the days of the ancient Greeks, this simple barnyard fowl has been a symbol from the gods and of prosperity. Originating in South Asia, chicken soon established a position in every nation appearing in a staggering variety of edible disguises representative of local taste: arroz con pollo in Spain, coq au vin in France, chicken a la Kiev in Russia, and southern fried chicken in our United States. You could easily serve chicken every day of the year without repeating a recipe. Plan to have your Sunday dinner at the Lamp Post Tea Room.
